

# VINTEL DSR MODULE GUIDE

## MODULE SCAN PROCESS

1. Start the vehicle
2. Plug-in VINTEL module to OBD port
3. Scan starts automatically  
(see LED Definitions for scan status) >>
4. Open VINTEL APP (if not already open)
5. App automatically connects to module  
(no Bluetooth pairing required)
6. Remove Module & turn off vehicle

## LED DEFINITIONS

-  Module Power-up
-  Acquiring VIN
-  Module Scanning
-  Pending App Connection
